

Programme Overview

International Safeguards Symposium: Linking Strategy, Implementation and People
IAEA Headquarters, M - Building, Vienna, Austria
20 - 24 October 2014

Sunday, 19 October 2014	
16:00-18:00	<i>PRE REGISTRATION and WELCOME RECEPTION (16:30 – 18:00)</i>

Monday, 20 October 2014	
10:00 – 12:30	Opening Plenary
12:30 – 14:00	<i>L U N C H B R E A K</i>
14:00 - 17:30	Technical Plenary

Tuesday, 21 October 2014

09:00 – 12:30	<i>Session 1</i> Evolving Safeguards Implementation (Panel)	<i>Session 2</i> Communication with State and Regional Authorities on State Declarations	<i>Session 3</i> Safeguards for Reprocessing and Pyroprocessing Facilities	<i>Session 4</i> Innovative Methods for Training	<i>Session 5</i> Assuring Quality in Safeguards Findings
	L U N C H B R E A K				
14:00 - 17:30	<i>Session 6</i> Performance Management in Non-profit Organizations (Panel)	<i>Session 7</i> New Trends in Commercial Satellite Imagery	<i>Session 8</i> State of the Art Destructive Analysis	<i>Session 9</i> Training and Education in Nuclear Non-proliferation and Safeguards	<i>Session 10</i> Automation and Instrumentation Data Analysis in Safeguards Verification

Wednesday, 22 October 2014

09:00 – 12:30	<p><i>Session 11</i></p> <p>Acquisition Path Analysis Methodology</p>	<p><i>Session 12</i></p> <p>Preview of New IAEA Guidance: Safeguards Implementation Practice Guides (Panel)</p>	<p><i>Session 13</i></p> <p>State of the Art Environmental Sample Analysis</p>	<p><i>Session 14</i></p> <p>Safeguards Needs at Geological Repositories and Encapsulation Facilities</p>	<p><i>Session 15</i></p> <p>New Trends in the Application of Statistical Methodologies for Safeguards</p>
<p>12:30 – 14:00</p> <p>L U N C H B R E A K</p>					
14:00 - 17:30	<p><i>Session 16</i></p> <p>Potential Verification Roles</p>	<p><i>Session 17</i></p> <p>Technology Foresight and Emerging Technologies I</p>	<p><i>Session 18</i></p> <p>Challenges in Spent Fuel Verification</p>	<p><i>Session 19</i></p> <p>Advanced Technologies for Safeguards Communications</p>	<p><i>Session 20</i></p> <p>Frameworks for Monitoring the Quality of the Operator's Measurement and Accounting Systems (Panel)</p>

Thursday, 23 October 2014

09:00 – 12:30	<i>Session 21</i> IAEA-State Cooperation I (Panel)	<i>Session 22</i> Equipment Security and Considerations for Joint Use	<i>Session 23</i> Technical Aspects of Information Collection and Analysis	<i>Session 24</i> Noble Gas Measurements in Support of Nuclear Safeguards Implementation	<i>Session 25</i> NDA Measurements I Gamma Spectrometry
	L U N C H B R E A K				
14:00 - 17:30	<i>Session 26</i> Safeguards by Design	<i>Session 27</i> NDA Measurements II Gamma and Neutron	<i>Session 28</i> Safeguards at Enrichment Facilities	<i>Session 29</i> IAEA-State Cooperation II	<i>Session 30</i> Enhancing Safeguards Through Information Analysis (Panel)

Friday, 24 October 2014

09:00 – 12:30	<i>Session 31</i> Promoting the Interface Between Nuclear Safety, Security and Safeguards	<i>Session 32</i> NDA Measurements III Neutron Measurements	<i>Session 33</i> IAEA-State Cooperation III	<i>Session 34</i> Technology Foresight and Emerging Technologies II	<i>Session 35</i> Knowledge Management for Safeguards Organizations (Panel)
12:30 – 14:00	L U N C H B R E A K				
14:00 – 16:00	Closing Plenary
