1. **WHAT?**

   The Safeguards Training Section of the International Atomic Energy Agency (IAEA) invites you to participate in the "Strengthening safeguards" webinar series to explore a variety of topics on safeguards implementation drawing on both IAEA and international experience. Join us for peer-to-peer information exchange with the aim to continuously improve the implementation of IAEA safeguards around the world.

2. **WHY?**

   To share expertise and good practices for safeguards implementation and create a strong community of safeguards practitioners.

3. **WHEN?**

   Once a quarter on selected dates. If you can't attend the webinar *live*, please register nonetheless: a recording of the event will be sent to all registrants, independently of their attendance.

Title	Description	Date	Time (CET)	Register here
