

67th IAEA General Conference

The IAEA's Approach to Early Engagement with Countries Considering Nuclear Power

ESPACE event during the 67th IAEA General Conference
26th September 2023, 16:30–17:30, Room M6, M Building, Ground floor

Owing to growing energy demands and the need for secure and reliable low-emission electricity, several countries have recently expressed interest in exploring the nuclear power option. This event will present how the IAEA supports Member States to raise their general awareness related to the commitments and infrastructure required for nuclear power, even before entering Phase 1 of the IAEA's Milestones approach.

The IAEA's Approach to Early Engagement with Countries Considering Nuclear Power

ESPACE event during the 67th IAEA General Conference
26th September 2023, 16:30–17:30, Room M6, M Building, Ground floor

Event Programme
