

67th IAEA General Conference

The Interactive Milestones Approach E-Book: A Digital Platform to Facilitate Access to Nuclear Infrastructure Development Resources in the Agency

ESPACE event during the 67th IAEA General Conference
26th September 2023, 15:00–16:00, Room M01, M Building, 1st floor

Sharing and facilitating access to knowledge and information related to nuclear power infrastructure between the IAEA and Member States is key for the development of sustainable nuclear programmes. This event will demonstrate the content and functions of the interactive Milestones approach E-book and its benefits to Member States.
