

67th IAEA General Conference

Operators' Forum: Nuclear Power Plant Construction – New Technologies, Good Practices and Recent Achievements

Side Event during the 67th IAEA General Conference
28th September 2023, 10:30–12:00, Room CR-3, C building, 7th floor

A panel of international experts, representing recently completed NPP construction projects, will share experiences and discuss how acquired capability can be leveraged to deliver project excellence in the future. This will include potential benefits to the construction of SMRs and other advanced nuclear power designs.

Operators' Forum: Nuclear Power Plant Construction – New Technologies, Good Practices and Recent Achievements

Side Event during the 67th IAEA General Conference
28th September 2023, 10:30–12:00, Room CR-3 C building, 7th floor
