

Lou Martinez Sancho

Vice President, Strategy & Innovation, Kairos Power, Alameda, United States

Lou is the Vice President of Strategy & Innovation for Kairos Power and oversees the Supply & Procurement and Marketing & Communications teams. She has over 20 years of progressive experience managing teams in an array of industries including bio-tech, energy, automotive, and architecture, engineering and construction (AEC).

Lou has focused on accelerating the innovation of the nuclear industry by developing strategic integration of technologies as key solutions against climate change, guaranteeing energy supply security, and competitiveness of energy prices.

Lou is the former Chief Innovation Officer of Spie Batignolles and also served as Vice President of Global Innovation at Framatome Groupe (formerly AREVA).

Lou earned a bachelor's degree from Ramon Llull University in Barcelona and obtained two Master of Science degrees in Physiology and Biomechanics at Pierre et Marie Curie-Paris VI University, and in Human Factors Engineering at René Descartes-Paris V University.

Martinez Sancho is Master Black Belt Lean Six Sigma certified by Ohio State University.
