

#ICARST2025 Side Event 7:

Empowering the Next Generation: The Impact of Mentoring

Join us for a Mentorship Networking Event, where 15 experts will share their experiences across three specialized streams: **(A) Radiation Chemistry**, **(B) Industrial Applications & Radiation Processing**, and **(C) NDT & Tracers**. Mentees will engage in focused discussions, rotating through small-group sessions with mentors to gain insights into career paths and industry challenges. This interactive format will provide a unique opportunity for knowledge exchange and professional networking.

Stream B Mentors

Ms Monique Lacroix
University in Quebec
City, Canada

Mr Bimo Saputro
National Research and
Innovation Agency, Indonesia

Mr Suresh Pillai
