

## **HE Mr Selibe Mochoboroane, Minister of Health of Lesotho**

HE Selibe Mochoboroane has been Minister of Health of Lesotho since November 2022 and a Member of Parliament. He has been a Deputy Minister of Local Government and Chieftainship and Minister in the following Ministries: Ministry of Communications Science and Technology, Ministry of Energy, Ministry of Small Business and Ministry of Development Planning

He is a holder of a master's of arts in development studies. He has extensive experience in administration and management, as well as development issues. He served as the Chairperson of Parliament's Public Accounts Committee, uncovering numerous instances of corruption and maladministration. As the Minister of Health, he aims to leverage his extensive experience to improve Lesotho's healthcare system, addressing critical issues and ensuring better healthcare services for all citizens.
