

Mr Ivan Lasic, Director of State Regulatory Agency for Radiation and Nuclear Safety, Bosnia and Herzegovina

Mr Lasic has been Director of the State Regulatory Agency for Radiation and Nuclear Safety in Bosnia and Herzegovina since 2023. He also served as President of the Association of Medical Physicists of Bosnia Herzegovina (2020-2024).

Prior to this, he served in various positions at the University of Mostar in the field of medical physics. From 2018-2023, he worked as an expert in diagnostic and interventional radiology in University Clinical Hospital Mostar, and previously as a medical physicist and radiation protection officer.

Mr Lasic received his BSc in Physics in 2012 from the University of Split, Croatia, and his MSc in physics (medical physics) from the University of Sarajevo, Bosnia and Herzegovina. He is enrolled since 2020 as a PhD student in medical physics at the University of Mostar.
