

**Mr Jose Ortiz, Surgery Oncologist and Hospital Director,
State Cancer Centre Veracruz “Dr. Miguel Dorantes Mesa”
(CECAN), Mexico**

Mr Jorge Ortiz is a surgical oncologist trained at the National Cancer Institute in Mexico City. Since 2019, he has served as Director of the State Cancer Centre in Veracruz, where he oversees the planning, organization, direction, and control of institutional processes.

Mr Ortiz has led the implementation of oncology functional units for cervical and breast cancer and is responsible for managing administrative processes related to radiation services at the Centre, ensuring compliance with Mexico’s National Commission of Nuclear Security and Safeguards.
