

Mr Takuma Otsuka, Head of Global Marketing and Global Health, Modality Solution Division, Medical Systems Business Division, FujiFilm

Takuma Otsuka serves as the Head of Global Marketing and Global Health within the Modality Solution Division of FUJIFILM's Medical Systems Business Division. In his current role, he oversees global marketing of all X-rays related products including CT/MRI, general X-ray and Mammography and leads global health projects working closely with international organizations.

With over 15 years of experience in the medical industry since joining FUJIFILM, he has dedicated much of his career to international markets. From 2014 to 2024, Otsuka held overseas assignments in Dubai, Singapore, and Germany, gaining extensive global experience before returning to FUJIFILM's headquarters in Japan in August 2024.
