H.E. Mr Maizama Abdoulaye

Minister of Environment, Hydraulics and Sanitation
Niger

H.E. Mr Maizama Abdoulaye, Water and Forestry Engineer, holds a DESS in Natural Resources Planning and Management and has over 30 years of experience in environmental management and rural development. He has served as Minister of Environment, Hydraulics and Sanitation of Niger since August 2023, following senior roles as Secretary General of the High Commission for the “3N” Initiative, Director of the National Center for Ecological and Environmental Monitoring (CNSEE), and Regional Director of Environment in Niamey. His expertise spans environmental protection, sustainable rural development, environmental impact studies, web mapping, biodiversity, biosecurity, and climate-smart agriculture.
