Ms Najiba Chkir

Dean Faculty of Sciences
University of Sfax, Tunisia

Ms Najiba Chkir is Professor of Environmental Sciences and Dean of the Faculty of Letters and Humanities at the University of Sfax, Tunisia. Her research focuses on water resource management, isotope geochemistry, and hydrological and paleo-hydrological processes in Mediterranean contexts. She has coordinated multiple international projects, including collaborations with the IAEA, and has authored over 100 peer-reviewed publications. She also serves on the CIVIS Alliance Hub1 Council on “Climate, Environment, Energy.”
