

Mr Mike Farley

International Committee for Non-Destructive Testing (ICNDT), United Kingdom

Mike Farley has been Chairman of the International Committee for Non-Destructive Testing (ICNDT) since 2008. Prior to taking this position, he was President of the European Federation for NDT as well as President of the British Institute of NDT. Mr Farley was also Head of the NDT research and development and inspection services for “Doosan Babcock”, a power plant equipment and services supplier.
