MATERIALS DELIVERED BY MEMBER STATES

1. The information given in this document is divided into two parts. In part I the Director General is reporting to the Members of the Agency, under Article IX.G of the Statute, the quantities of materials delivered up to 30 September 1962 by Member States in compliance with requests the Agency has made under Article IX.D.
2. Part II contains information about materials which have not yet been delivered but which have been allocated, in accordance with Article XI.F.1 of the Statute, to approved Agency projects for which project agreements were in force on 30 September 1962.
3. Reports on subsequent deliveries of materials and revised information about allocated but undelivered materials will be issued from time to time.
