Communication dated 21 September 2022 received from the Permanent Mission of Ukraine to the Agency

1. The Secretariat has received a Note Verbale dated 21 September 2022 from the Permanent Mission of Ukraine to the Agency.
2. As requested, the Note Verbale is herewith circulated for the information of all Member States.

Permanent Mission of Ukraine
to the International Organizations
in Vienna

23 Naaffgasse,
Wien, 1180
Republic of Austria

(+431) 479 7172,
pm_io@mfa.gov.ua

Nº 4131/36-197-73241

The Permanent Mission of Ukraine to the International Organizations in Vienna presents its compliments to the Secretariat of the International Atomic Energy Agency and has the honour to communicate the following.

In addition to the previously communicated information regarding the rocket attack by the Russian Federation on industrial zone of the South Ukraine Nuclear Power Plant on 19 September 2022, the Permanent Mission of Ukraine has the honour to share the link to the relevant video recorded by the NPP's on-site surveillance camera:

https://drive.google.com/file/d/1ABELqsYBbuiWx_d65qOdMqd4S_u62Pkg/view

Currently, all three power units of the Southern Ukrainian NPP are operating in a regular mode. At the same time, with constant missile attacks on the Ukrainian territory, the Russian Federation continuously creates serious and direct threats to the safety of all Ukrainian nuclear facilities, which could lead to a nuclear accident with catastrophic consequences for the population of Ukraine and neighbouring states.

The Permanent Mission of Ukraine requests the Secretariat of the International Atomic Energy Agency to promptly circulate this Note Verbale as Information Circular to all IAEA Member States.

The Permanent Mission of Ukraine to the International Organizations in Vienna avails itself of this opportunity to renew to the International Atomic Energy Agency the assurances of its highest consideration.

Vienna, 21 September 2022

Secretariat
International Atomic Energy Agency
Vienna
