PERMANENT MISSION
OF THE RUSSIAN FEDERATION TO THE
INTERNATIONAL ORGANIZATIONS
IN VIENNA

Erzherzog-Karl-Strasse 182
A-1220 Wien

Tel. (043-1) 282 53 91, 282 53 93
Fax (043-1) 280 56 87

№ 3669-н

The Permanent Mission of the Russian Federation to the International Organizations in Vienna presents its compliments to the Secretariat of the International Atomic Energy Agency and has the honour to inform about the real situation at the Zaporozhskaya NPP (ZNPP) as of September 19, 2023.

From September 11 to September 18, 2023, 92 aircrafts launched by Ukraine with the aim of attacks and provocations against the ZNPP and the town of Energodar were detected and suppressed.

The ZNPP's power units № 1, № 3 and № 5 are under maintenance; № 2 and № 4 – in a state of cold shutdown; № 6 – hot shutdown.

The off-site power for the ZNPP own needs is supplied via high-voltage lines “Dneprovskaya” (750 kV) and “Ferrosplavnaya-1” (330 kV).

Stocks of diesel fuel required for the operation of the plant's emergency power supply systems are sufficient for more than 22 days of operation.

As of 09:00 on September 19, the water level in the supply channel of Zaporozhskaya TPP is 10.73 m, the water level in the cooling pond of ZNPP is 15.92 m.

Radiation background at the ZNPP site and beyond does not exceed the established standards.

THE SECRETARIAT OF THE
INTERNATIONAL ATOMIC ENERGY AGENCY
Vienna

Recruitment of personnel at the ZNPP continues. There are enough employees at the ZNPP to carry out the safe operation of the plant in the cold and hot shutdown modes, as well as to carry out scheduled maintenance work.

Federal state supervision in the field of the use of nuclear energy is carried out at the ZNPP site in the regime of constant supervision by the Russian regulatory authority – Rostekhnadzor.

Five specialists from the IAEA Secretariat, who arrived there on August 31 during the regular rotation, continue to work at the plant.

Data on the real situation at the plant is available at ZNPP website (<https://znpp.ru/>), in the section “Current status of the Zaporozhskaya NPP” with daily updated information.

The Permanent Mission of the Russian Federation requests the Secretariat to circulate this information among all IAEA Member States as soon as possible.

The Permanent Mission of the Russian Federation avails itself of this opportunity to renew to the IAEA Secretariat the assurances of its highest consideration.
